

NAS (GRADE 9) MOCK TEST - SOCIAL STUDIES

Three Tiers of Local Self-Government

Application-level mock (40 MCQs) - modelled on the NAS 2024 Grade 9 pattern.

Competency: Explains the working of the three tiers of local self-government and appreciates its significance in upholding democracy at the grass-root level.

General Instructions

1. This mock has 40 multiple-choice questions (MCQs).
2. Four question types are used, 10 questions each.
3. Each question has four options - A, B, C and D. Only ONE is correct.
4. The Answer Key with explanations is given at the end.
5. There is no negative marking in NAS.

About the references (read before verifying):

References cite EXACT PAGES of the provided SCERT Telangana chapter 'Local Self-Government in Urban Areas' (pp. 120-125). Rural-tier items (Zilla Parishad) cite the NAS 2024 Grade 9 model paper, Q1 (p.3); the rural chapter itself was not provided.

SECTION 1 - WHICH OF THE FOLLOWING IS CORRECT

Apply the idea and choose the CORRECT statement.

1. A town has a population of about 35,000 people. Which statement about its urban local body is CORRECT?
 - A. It will be governed by a Municipal Corporation.
 - B. It will be governed by a Nagar Panchayat.
 - C. It will be governed by a Gram Panchayat.
 - D. It will be governed by a Zilla Parishad.

Reference from: SCERT Telangana, Ch.14 'Local Self-Government in Urban Areas', p.121 (three kinds of municipal bodies: Nagar Panchayat 20,000-40,000).

2. A city has a population of about 5,00,000. Which statement is CORRECT?
 - A. It is governed by a Municipal Council.
 - B. It is governed by a Nagar Panchayat.
 - C. It is governed by a Municipal Corporation, headed by a Mayor.
 - D. It is governed by a Gram Panchayat headed by a Sarpanch.

Reference from: SCERT Telangana, Ch.14, p.121 (Municipal Corporation: more than 3,00,000) & p.121 (Mayors head the institution).

3. In a Corporation city, the elected ward representatives are correctly called:
 - A. Sarpanches
 - B. Corporators
 - C. MPTCs
 - D. Panch

Reference from: SCERT Telangana, Ch.14, p.121 ('...corporators in Corporation cities').

4. Which statement about municipal elections is CORRECT?

- A. The Mayor is chosen by the ward Councillors among themselves.
- B. The chairman and mayor are elected directly by the enrolled voters.
- C. Councillors are appointed by the Commissioner.
- D. Elections are held once every ten years.

Reference from: SCERT Telangana, Ch.14, p.121 ('...chairman and mayor are elected directly by the enrolled voters').

5. Which statement about how a municipality gets its money is CORRECT?

- A. It gets all its money from selling EVMs.
- B. It levies taxes (house, water, street-light, shops, film tickets) and also gets government grants.
- C. It depends only on the central government.
- D. It cannot collect any tax.

Reference from: SCERT Telangana, Ch.14, p.123 ('Funds for the Municipalities').

6. A resident's garbage is not being collected. Based on the chapter, the CORRECT way to get it solved is to:

- A. Approach the Prime Minister directly.
- B. Approach the ward Councillor, who can take it up with the Commissioner.
- C. Approach the Sarpanch of the city.
- D. Approach the Zilla Parishad.

Reference from: SCERT Telangana, Ch.14, pp.122-123 ('A community representation').

7. Which statement about 'sub-contracting' is CORRECT?

- A. It means the municipality stops all garbage work.
- B. It means work earlier done by municipal workers is given to a private company.
- C. It means citizens must collect their own garbage.
- D. It means the government takes over private companies.

Reference from: SCERT Telangana, Ch.14, p.123 ('Sub-contracting of Work').

8. Which statement about the three kinds of municipal bodies (by population) is CORRECT?

- A. Nagar Panchayat serves the largest population.
- B. Municipal Corporation (>3,00,000) > Municipal Council (40,000-3,00,000) > Nagar Panchayat (20,000-40,000).
- C. All three serve the same population size.
- D. Municipal Corporation serves the smallest towns.

Reference from: SCERT Telangana, Ch.14, p.121 (population ranges of the three municipal bodies).

9. A Zilla Parishad is made up of elected representatives from various Gram Panchayats. Which statement about its role is CORRECT?

- A. Overseeing urban planning in cities.
- B. Enacting laws at the state level.
- C. Coordinating development activities at the district level.
- D. Managing infrastructure only at the village level.

Reference from: NAS 2024 Grade 9 model paper, Q1 (p.3). [Rural tier - the rural chapter was not provided.]

10. Which statement about a municipality's departments is CORRECT?

- A. One person does all the work of the municipality.
- B. Each department (water, electricity, education, garbage) is headed by an officer responsible for it.
- C. The Councillors personally clean the streets.
- D. All departments are run by the Sarpanch.

Reference from: SCERT Telangana, Ch.14, p.122 ('...a number of departments, headed by an officer').

SECTION 2 - WHICH OF THE FOLLOWING IS INCORRECT

Apply the idea and choose the INCORRECT statement.

11. Which statement about a Nagar Panchayat is INCORRECT?

- A. It is set up for a town of about 20,000-40,000 people.
- B. It is a kind of urban local body.
- C. It governs a big metropolitan city of over 10 lakh people.
- D. Its representatives are elected.

Reference from: SCERT Telangana, Ch.14, p.121 (population ranges of the three municipal bodies).

12. Which statement about municipal elections is INCORRECT?

- A. Urban areas are divided into wards.
- B. A voter should be 18 years or older.
- C. There is only one representative for each ward.
- D. A voter's name is listed in the voter list of a ward of the VILLAGE.

Reference from: SCERT Telangana, Ch.14, p.121 (election box, statement iv to be corrected).

13. Which statement about ward representatives is INCORRECT?

- A. All ward representatives are men.
- B. They are elected by the people of the ward.
- C. They discuss ward problems in municipality meetings.
- D. They are called Councillors in municipal towns.

Reference from: SCERT Telangana, Ch.14, p.121 (election box, statement v to be corrected).

14. Which statement about the funds of a municipality is INCORRECT?

- A. It levies house tax, water tax and street-light tax.
- B. It collects taxes on shops and film tickets.
- C. Its tax income alone is more than enough for all its work.
- D. It depends on grants from the government.

Reference from: SCERT Telangana, Ch.14, p.123 ('...income from these taxes is not enough... depend upon grants').

15. Which statement about the work of a municipality is INCORRECT?

- A. Water supply and street lighting.
- B. Building and maintaining roads.
- C. Garbage disposal and drainage.
- D. Defending the country's borders.

Reference from: SCERT Telangana, Ch.14, pp.121-122 (tasks of the municipality).

16. Which statement about sub-contracting is INCORRECT?

- A. Contract workers should be given safety measures like gloves and masks.
- B. Collecting garbage is a dangerous job.
- C. Sub-contracting means the work is given to a private company.
- D. Sub-contracting means the municipality does all the work itself with its own workers.

Reference from: SCERT Telangana, Ch.14, p.123 ('Sub-contracting of Work').

17. Which statement about the Mayor / Chairperson is INCORRECT?

- A. He/she heads the municipal body, like a Sarpanch heads a panchayat.
- B. He/she is elected directly by the enrolled voters.
- C. He/she is appointed by the garbage contractor.
- D. Chairpersons head the smaller municipal bodies.

Reference from: SCERT Telangana, Ch.14, p.121 (Mayors/Chairpersons head the institution; elected directly).

18. In the Vemulawada Nagara Panchayat case study, which statement is INCORRECT?

- A. Its drinking-water system is called Akasha Ganga.
- B. It has 20 wards.
- C. It was a major gram panchayat until 2011.
- D. Garbage is collected only once a year.

Reference from: SCERT Telangana, Ch.14, pp.124-125 (Vemulawada case study).

19. Which statement about municipal workers like Chinna is INCORRECT?

- A. They sweep streets and load waste into trucks.
- B. Some of them are employed through contractors.
- C. Their profession is always treated with great respect by everyone.
- D. They should be given gloves and masks for safety.

Reference from: SCERT Telangana, Ch.14, p.124 ('Municipal Workers' - Chinna).

20. Which statement about the three tiers of local self-government is INCORRECT?

- A. Gram Panchayat works at the village level.
- B. Zilla Parishad works at the district level.
- C. A Municipal Corporation is a RURAL local body.
- D. A Nagar Panchayat is an urban local body.

Reference from: SCERT Telangana, Ch.14, pp.120-121 (urban bodies) & NAS 2024 Grade 9 model paper Q1 p.3 (Zilla Parishad, rural).

SECTION 3 - PARAGRAPH / CONTEXT / DATA-BASED

Read the passage or data and answer the question that follows.

21. Ramanagar is a fast-growing town: every year more people shift there for jobs, new colonies keep coming up, and some are slums lacking water and drainage.

This situation best shows why such a town needs:

- A. A Gram Sabha of the whole city
- B. A large organisation (a Municipality) to plan and provide amenities
- C. Fewer schools and hospitals
- D. No planning at all

Reference from: SCERT Telangana, Ch.14, pp.120-121 (growth of towns; the Municipality).

- 22.** Populations of four settlements - P: 15,000; Q: 30,000; R: 1,20,000; S: 4,50,000.

Which settlement would be governed by a Municipal Corporation?

- A. P
- B. Q
- C. R
- D. S

Reference from: SCERT Telangana, Ch.14, p.121 (Municipal Corporation: more than 3,00,000).

- 23.** Populations - P: 15,000; Q: 30,000; R: 1,20,000; S: 4,50,000.

Which settlement would most likely have a Nagar Panchayat?

- A. P
- B. Q
- C. R
- D. S

Reference from: SCERT Telangana, Ch.14, p.121 (Nagar Panchayat: 20,000-40,000).

- 24.** Gangabai gathered the women of her colony, got a petition signed by all the adults, and met the ward Councillor, who took them to the Commissioner; soon the garbage was cleared.

This story best illustrates:

- A. That only the central government can solve local problems.
- B. How citizens can use their elected ward Councillor to solve local civic problems.
- C. That signing petitions is against the law.
- D. That the Sarpanch runs the city.

Reference from: SCERT Telangana, Ch.14, pp.122-123 ('A community representation').

- 25.** In Vemulawada, overhead pipelines called Akasha Ganga (begun 2003, under the Swajaladhara scheme) connect 10-15 households each; about 5,000 households get water on alternate days.

This is an example of the municipal body providing:

- A. Foreign policy
- B. A public amenity (drinking-water supply)
- C. Film entertainment
- D. National defence

Reference from: SCERT Telangana, Ch.14, p.125 (Vemulawada - Akasha Ganga water supply).

- 26.** A municipality's tax income (house + water + street-light + shop + film-ticket taxes) is Rs 60 lakh, but it needs Rs 1 crore for its work.

To meet the gap it will most likely:

- A. Stop all its work
- B. Depend on grants from the government
- C. Collect income tax from citizens
- D. Borrow from a garbage contractor

Reference from: SCERT Telangana, Ch.14, p.123 ('Funds for the Municipalities').

27. A private company has been hired to collect and process the garbage that municipal workers used to collect.

This change is best described as:

- A. Nationalisation
- B. Sub-contracting
- C. An election
- D. Reservation

Reference from: SCERT Telangana, Ch.14, p.123 ('Sub-contracting of Work').

28. In a ward, a drainage pipe is leaking and dirty water stagnates near the hand pump, causing illness.

Which municipal department is MOST directly responsible for solving this?

- A. Education department
- B. Water supply / drainage (sanitation) department
- C. Film department
- D. Foreign-affairs department

Reference from: SCERT Telangana, Ch.14, p.121 (drainage a major problem) & p.122 (departments).

29. In Vemulawada, workers get wheel-carts, gloves, masks and uniforms; hydraulic dumper bins and tractors are used; waste is taken to a yard 5 km away; and there is a proposal to separate plastic for power generation.

This best shows that a good municipal body:

- A. Ignores worker safety
- B. Provides worker safety and plans better waste management
- C. Stops collecting garbage
- D. Has no equipment

Reference from: SCERT Telangana, Ch.14, p.125 (Vemulawada - garbage management).

30. Chinna and Nazma sweep a colony, then handpick plastic, bottles and pouches out of the kitchen waste before loading it into the truck.

The separating of plastic from kitchen waste described here is called:

- A. Sub-contracting
- B. Waste segregation
- C. Taxation
- D. Drainage

Reference from: SCERT Telangana, Ch.14, p.124 (segregation of waste by Chinna & Nazma).

SECTION 4 - ASSERTION - REASONING

Each item has an Assertion (A) and a Reason (R). Choose the correct option.

- 31.** Assertion (A): Cities need much more planning and amenities than villages.

Reason (R): Cities have more people, shops, vehicles and industries and keep growing as people migrate for work.

- A. Both A and R are true, and R is the correct explanation of A
- B. Both A and R are true, but R is NOT the correct explanation of A
- C. A is true but R is false
- D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.120 (cities vs villages; growth).

- 32.** Assertion (A): A town of 3,50,000 people is governed by a Municipal Corporation.

Reason (R): A Municipal Corporation is set up for a population of more than 3,00,000.

- A. Both A and R are true, and R is the correct explanation of A
- B. Both A and R are true, but R is NOT the correct explanation of A
- C. A is true but R is false
- D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.121 (Municipal Corporation: more than 3,00,000).

- 33.** Assertion (A): Municipalities depend on grants from the government.

Reason (R): The income from municipal taxes alone is not enough for all their work.

- A. Both A and R are true, and R is the correct explanation of A
- B. Both A and R are true, but R is NOT the correct explanation of A
- C. A is true but R is false
- D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.123 ('Funds for the Municipalities').

- 34.** Assertion (A): The Mayor heads a Municipal Corporation.

Reason (R): The Mayor is appointed by the garbage contractor.

- A. Both A and R are true, and R is the correct explanation of A
- B. Both A and R are true, but R is NOT the correct explanation of A
- C. A is true but R is false
- D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.121 (Mayors head the institution; elected directly).

- 35.** Assertion (A): Citizens got their garbage problem solved.

Reason (R): They approached their elected ward Councillor, who took the matter to the Commissioner.

- A. Both A and R are true, and R is the correct explanation of A
- B. Both A and R are true, but R is NOT the correct explanation of A
- C. A is true but R is false
- D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, pp.122-123 ('A community representation').

- 36.** Assertion (A): Contract workers who collect garbage should be given gloves and masks.
Reason (R): Collecting garbage is a dangerous job.

A. Both A and R are true, and R is the correct explanation of A
B. Both A and R are true, but R is NOT the correct explanation of A
C. A is true but R is false
D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.123 ('Sub-contracting of Work').

- 37.** Assertion (A): In a municipality, a voter's name is listed in a ward of the TOWN.
Reason (R): Municipal elections are held in urban wards.

A. Both A and R are true, and R is the correct explanation of A
B. Both A and R are true, but R is NOT the correct explanation of A
C. A is true but R is false
D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.121 (election box, statement iv corrected).

- 38.** Assertion (A): Municipal sanitation workers like Chinna are not always treated with respect.
Reason (R): Many people consider their work 'unclean', even though it keeps the city liveable.

A. Both A and R are true, and R is the correct explanation of A
B. Both A and R are true, but R is NOT the correct explanation of A
C. A is true but R is false
D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.124 ('Municipal Workers' - Chinna).

- 39.** Assertion (A): The Zilla Parishad works at the district level.
Reason (R): It is an urban local body that plans cities.

A. Both A and R are true, and R is the correct explanation of A
B. Both A and R are true, but R is NOT the correct explanation of A
C. A is true but R is false
D. A is false but R is true

Reference from: NAS 2024 Grade 9 model paper, Q1 (p.3).

- 40.** Assertion (A): Sub-contracting shifts municipal work to private companies.
Reason (R): India is the largest democracy in the world.

A. Both A and R are true, and R is the correct explanation of A
B. Both A and R are true, but R is NOT the correct explanation of A
C. A is true but R is false
D. A is false but R is true

Reference from: SCERT Telangana, Ch.14, p.123 ('Sub-contracting of Work').

ANSWER KEY WITH EXPLANATIONS

SECTION 1 - WHICH OF THE FOLLOWING IS CORRECT

1. (B) A Nagar Panchayat is for 20,000-40,000 people, so 35,000 falls here.
2. (C) More than 3,00,000 people means a Municipal Corporation, which is headed by a Mayor.
3. (B) In Corporation cities the ward representatives are called corporators (Councillors in municipal towns).
4. (B) Like the Gram Sarpanch, the chairman and mayor are elected directly by the enrolled voters.
5. (B) Municipalities levy several taxes and, since these are not enough, also depend on government grants.
6. (B) Citizens approach their elected ward Councillor, who takes the matter to the Commissioner (as in Gangabai's story).
7. (B) Sub-contracting means work once done by municipal workers is now done by a private company/contractor.
8. (B) Population order: Nagar Panchayat < Municipal Council < Municipal Corporation.
9. (C) The Zilla Parishad is the district-level tier that coordinates development across the district.
10. (B) Each department is headed by an officer responsible for its proper working.

SECTION 2 - WHICH OF THE FOLLOWING IS INCORRECT

11. (C) A city of over 10 lakh would need a Municipal Corporation, not a Nagar Panchayat.
12. (D) In a municipality the voter's name is in the voter list of a ward of the TOWN, not the village (this is the wrong statement to be corrected in the chapter).
13. (A) 'All ward representatives are men' is the wrong statement in the chapter's exercise (women are also elected).
14. (C) Tax income is NOT enough; that is exactly why municipalities depend on government grants.
15. (D) Defence of the country is a Union (central) job, not a municipal function.
16. (D) Sub-contracting is the OPPOSITE - the work is given to a private company, not kept in-house.
17. (C) The Mayor/Chairperson is elected by voters, not appointed by a contractor.
18. (D) In Vemulawada garbage is collected EVERY DAY, not once a year.
19. (C) The chapter notes their work is often considered 'unclean' and they are not always treated properly.
20. (C) A Municipal Corporation is an URBAN body; the rural tiers are Gram Panchayat, Mandal Parishad and Zilla Parishad.

SECTION 3 - PARAGRAPH / CONTEXT / DATA-BASED

21. (B) Growing towns with slums and poor amenities need a large organisation - a Municipality - to plan and provide services.
22. (D) Only S (4,50,000) is above 3,00,000, so it needs a Municipal Corporation.
23. (B) Q (30,000) falls in the 20,000-40,000 range of a Nagar Panchayat. (P at 15,000 is below the urban range.)
24. (B) It shows people using their elected representative (the ward Councillor) to solve a local problem.
25. (B) Supplying drinking water is a public amenity provided by the urban local body.
26. (B) Since tax income is not enough, municipalities depend on government grants.
27. (B) Giving municipal work to a private company/contractor is called sub-contracting.
28. (B) Drainage and sanitation come under the water-supply/drainage work of the municipality.
29. (B) It provides safety gear and plans improved, organised waste management.
30. (B) Sorting waste into types (plastic vs biodegradable) is waste segregation.

SECTION 4 - ASSERTION - REASONING

- 31. (A) Both true, and the crowding/growth is exactly why cities need more planning.
- 32. (A) Both true, and the population rule is the reason the town gets a Corporation.
- 33. (A) Both true, and the shortfall in tax income is why they depend on grants.
- 34. (C) A is true, but R is false - the Mayor is elected directly by the voters.
- 35. (A) Both true, and using the ward Councillor is exactly how the problem got solved.
- 36. (A) Both true, and the danger of the job is the reason for the safety gear.
- 37. (A) Both true, and because municipal elections are urban, the ward is of the town, not a village.
- 38. (A) Both true, and the 'unclean' attitude is the reason they are not treated properly.
- 39. (C) A is true, but R is false - the Zilla Parishad is a RURAL, district-level body, not an urban one.
- 40. (B) Both statements are true, but R does not explain A.
